

**Ready-to-Accrue Letter**  
**Research Approval Notification**

**Research Administration**  
Email: [research@rchsd.org](mailto:research@rchsd.org)

**Date:** 3/6/2018

**RCHSD project #:** 3964

**Principal Investigator:** Biffl, Susan, MD

**Title:** Trauma and Mild TBI in a Pediatric Population: A Pilot Longitudinal Descriptive Study Assessing Post-Concussive Symptoms, Functional and Quality of Life Outcomes

**EPIC #:** 3964

The above-referenced project may now be activated at Rady Children's Hospital-San Diego. Please use the RCHSD project number in all internal communications and correspondence pertaining to this study. If the use of an informed consent for the project is applicable, please place the number on the consent.

This approval is valid for the duration of your Institutional Review Board (IRB) approval. If the IRB approval lapses or expires, this approval notification will no longer be valid.

As the principal investigator for this study, it is your responsibility to follow all applicable RCHSD policies and procedures and to notify us of any changes in the status of your project or in changes in your research plan that will affect resource utilization at RCHSD.

At the conclusion of your project, please notify us at [research@rchsd.org](mailto:research@rchsd.org) so we can close your EPIC # (if you have one) and your project #.

Sincerely,

**Irvin A. Kaufman, MD**  
Chief, Health Affairs  
Rady Children's Hospital-San Diego
