
Approval Notice

Investigator: Walter Biffi
Department: Scripps Memorial La Jolla Trauma Service

Approved
Research Sites: Scripps Memorial Hospital La Jolla

Project Title: Current Diagnosis and Management of Pancreatic Injuries - Western Trauma Association Multi-Center Trial

Protocol No: IRB-18-7165

Risk Category: Minimal Risk
Type of Review: Expedited - New

Your research project indicated above was reviewed and approved by an IRB officer on the review date stamped below. Approval expires **12 months** from this date.

Approval carries with it the understanding that you will inform the Committee promptly should a serious adverse reaction occur, and that you will make no modification to the protocol or consent form (if applicable) without prior IRB approval.

The IRB may suspend or terminate the approval of research that is not conducted in accordance with the requirements set forth by the committee or that has been associated with unexpected serious harm to subjects.

Current, approved study documents can be downloaded from iMedRIS at <https://research.scripps.org>.

(Physician initiated retrospective multi-site registry: review of medical records from January 2010 to March 2018 on patients with traumatic pancreatic injuries. **Data on prisoners must be excluded.** Requirement to obtain informed consent is waived under 45 CFR 46.116(d). Waiver of Privacy Authorization is granted under 45 CFR 164.512(i). ****REMINDER: This study cannot begin until the Confidential Data Request is approved by Audit/Compliance)**
